About This Game

Antrum is a procedural generated dungeon where you have to collect as many relics as possible and sell them, but there is a catch, in your path you will encounter creatures that will try to defend those relics, but some of them have not seen a human in a long time, so they may treat you in an unexpected way.

Key Features:

- **Two-way health mechanics** - Be careful with your life bar, too much health can kill you too.
- **Permadeath** - Once you die, you lose all you had and you start over with a new character and a new world.
- **Explore** - Explore a fully procedural world designed to feel unique and fun every time you play.
- **Trade** - Sell the relics you find and buy items that will help you in your adventure.
- **Power-ups** - Get the upper hand in combat by buying powerful items from merchants.
